

Becoming world-class manufacturer of automotive wiper blade.

CAP corporation was established in 1995 with the aim of producing world-best wiper blades. Since its establishment, CAP has been growing steadily on the basis of customer satisfaction and the quality of the products and we make every effort to pursue new technologies and get on the top regarding wiper blade qualities.

WENTER!

VIEWMAX is a compound of **VIEW + MAXIMUM**

VIEWMAX is CAP's representative brand name to express our philosophy of providing customers with the best product and clear vision in any weather conditions for the driver's safety with CAP's accumulated know-how and cutting-edge technology.

GLOBAL NETWORK

CONVENTIONAL

- Asymmetric design protects against wind lift
- Long lasting wiping maintenance and longer durability
- Smooth, streak-free wiping

• Multi-layer painting to prevent corrosion
